Managing time is crucial to the overall team performance.

The ultimate goal is to give the POWER SURFER a chance to score again.

Most matches are decided by this last chance to add to the team total by the POWER SURFER'S extra wave.

management
and allowing
all your surfers
to finish is

Team Event Rules

COMPETITION FORMAT & RULES

Surfing Australia have devised a unique competition format for the Hyundai Australian Boardriders Battle Teams event.

1. Each Round 1 comprises of different Boardriders Club teams. Times will be at the discretion of the Head Judge and Contest Director.
2. Each Team is made up of 5 surfers - 2 x Open Men, 1 x Open Woman, 1 Master (O35 male or female) 1 Junior (U18 male or female). Open is classified as any age group.
3. In regards to the Judging scale - The judges will score each surfer based on the division that the surfer has been nominated for. Furthermore and as an example. A power surfer will be judged on the same scale across all power surfers regardless of gender.

If a surfer has been nominated for either Junior or Masters division they will be judged on the same scale across all of the junior/masters surfers regardless of gender.

4. Team surfers can be interchangeable at the start of a new heat, round or day. Juniors cannot be, or turn, 18 by the 31st of December 2023. Please note: Under 18 Junior Surfers that qualify and surfed in the regional battle will pre-qualify for the Grand Final in 2024. All other Juniors surfers that have not pre-qualified will have to adhere to the Dec 31st 2023 age restrictions.

Masters must be 35 and over as of the 1st of January 2023.

5. Each surfer can catch an unlimited number of waves - it can be the best 1 or 2 waves. This will be decided prior to the round starting and will be at the discretion of the Head Judge and the Contest Director.
6. If a wave has been caught within the allotted match time it could possibly count towards the team total regardless of whether the surfer has returned to the change-over area to release the next surfer.
7. At the end of the allotted heat time or when the surfer has completed his or her "set" the competing surfer is to return to the beach and enter the change-over zone before the next team surfer can be released. Entering the change-over zone means any part of the surfers body crossing or touching the line. The line is denoted by the event marshalls and or the chequered flags.
8. No runners allowed for competing team members.
9. Each team is to nominate a POWER SURFER prior to the beginning of their respective heat. The POWER SURFER CANNOT be surfer no.5 in the team order list. The POWER SURFER is allowed to return to the water and surf 1 extra wave after all 5 surfers have completed their "set" of allotted waves. If caught within the allotted match time, the POWER SURFER'S wave will count towards the team total regardless of whether the POWER SURFER has returned to the change-over area.
10. POWER SURFER will be judged on the Open power surfer's scoring scale whether male or female.
11. If there is a tie on points at the end of the match, there will be a count back between tied teams and broken by the highest final extra wave score from their respective POWER SURFER.
12. State qualifying Teams formats and Leaderboard points will be available from the appropriate State branch.

TEAM PENALTIES

Surfer competes out of turn by entering the water and catching a wave: **Loss of 5 points.**

A Surfer breaks early outside of the change-over area: **Loss of 5 points.**

Team fails to catch wave limit within heat time, and or the final surfers of the team has not crossed over the line in the change-over area before the allocated 'match time' expires: **Loss of 5 points.**

Please note: The wave score will still count towards the teams total

POWER SURFER catches more than 1 wave: **Loss of 5 points.**

Riding and paddling interferences:

If it is best 1 wave - the interfering wave will be counted as a zero. The highest wave of the interfering surfer will be halved.

If it is best 2 waves - the interfering wave will be counted as a zero. The second highest wave of the interfering surfer will be halved.

The surfer that was interfered with will receive an extra wave if wanted, and if the match time allows.

***Penalty points are deducted from the team match total.**
